Manufacturers of Ice Line Refrigerator (ILR), Ice Lined Deepfreezer (ILDF),
 Ice Lined Blood Bank Refrigerator (ILBBR) & Vaccine Carrier

6000+ Customer Base

WHO-PQS Compliant

EU-CE Certified

Standard IEC Compliant

ENSURING AN UNBROKEN COLD-CHAIN SUPPLY

About us

Coldchain Controls (India) Pvt. Ltd. is an EU-CE-certified manufacturer of medical refrigeration storage solutions like Ice Lined Refrigerators (ILR), Ice Lined Blood Bank Refrigerators (ILBBR), Ice Lined Deepfreezers (ILDF) and Vaccine Carriers. Our Solar Direct-Drive (SDD) Ice Lined Refrigerator (ILR), an innovative solution to your cold storage need, guarantees the highest efficiency, reliability, and cost-effectiveness.

20+ years of industry experience with a focus on quality, have earned us a reputation as a reliable and quality-centric supplier of Cold-Chain equipment. Our products are designed to ensure temperature controlled conditions are always maintained for the last-mile efficacy and efficiency of all Vaccines, Biologicals, Hormones, and other Lifesaving Drugs.

INDIA'S LARGEST MANUFACTURER OF HORIZONTAL ICE-LINED REFRIGERATORS & VACCINE STORAGE SOLUTIONS

- 20+ years of industry experience
- 6000+ strong customer base
- PAN India supply
- WHO-GMP Certified manufacturing
- NABL-Certified Calibration for complete product safety
- ISO 9001, ISO 13485, CE, WHO-PQS & IEC Compliant
- Suppliers to the Ministry of Health, Ministry of Animal Husbandry (GOI), Corporate Hospitals, Blood Banks, Labs etc.
- PAN India storage partner for SPUTNIK Vaccines

OUR SUCCESS JOURNEY FROM
6 TO 6000 customers AND STILL
COUNTING...

All our products are ergonomically designed with state-of-the-art freeze-free technology and are energy as well as cost-efficient. Temperature monitoring is done both, through real-time (IOT) and offline (USB) methods. By adopting global manufacturing practices and following international quality standards, we have reinforced our position as an industry leader that one can be relied upon.

COLDCHAIN CONTROLS MEDICAL REFRIGERATION STORAGE SOLUTIONS

Ice Lined Refrigerator (ILR)

+2 to +8 Degrees | Stainless Steel 304 Grade | Inner shelf with sliding tray | Hold over time 24+ hours | IOT-based real-time Temperature Monitoring | Phase Change Material (PCM)/ Eutectic material to increase hold over time | Solar Direct - Drive ILR | Energy & Cost effective.

Ice Lined Deep Freezer (ILDF)

-15 to -25 degree C | Made from Stainless Steel 304 Grade | designed to store temperature sensitive vaccines, even in the most remote areas.

Ice Lined Blood Bank Refrigerator (ILBBR)

+2 to +6 Degrees C | Made from Stainless Steel 304 Grade | designed to store temperature sensitive blood plasma bags | Blood Bag Capacity - 30 to 250 Bags.

Medical Refrigerator Systems

2 - 8 Degrees C | Made from Stainless Steel 304 Grade | designed to store temperature sensitive Vaccines, Biologic als, Hormones, and other

Cold Boxes

20 Litres | Made from high grade plastic | Cool Time - 15-24 hrs | designed to store temperature sensitive Vaccines, and other lifesaving drugs to reach safely to the most remote areas.

Insulated Vaccine Carrier

1.5 to 3 Litres | Made from HDPE (High Density Polyethylene) material | +2 to +8 Degrees | Extremely light weight yet robust makes it easier to carry to the most difficult terrain with ease | Designed to store temperature-sensitive Vaccines, and other life saving drugs.
